

REMARKS

Entry of the foregoing Amendment before substantive examination of the claims is requested. The Amendment enters a Substitute Sequence Listing and an Abstract of the Disclosure to the specification.

The sequences in the present, Substitute Sequence Listing were submitted with the original specification and the Abstract of the Disclosure appears in the corresponding International Application (PCT/US99/30004); accordingly, no new matter has been added to the Application.

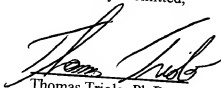

Statement Under Rule 821

A diskette is enclosed which includes a Substitute Sequence Listing which corrects the errors indicated in the Notice. A paper copy of the file is attached.

The content of the attached paper entitled "SEQUENCE LISTING" and the accompanying, identically labeled diskette, specifically the text file therein labeled "seqlist.txt", is the same.

Early and favorable action is earnestly solicited.

Respectfully submitted,

Thomas Triolo, Ph.D.
